As a former educator and co-founder of Spree Life + Style Boutique, now leading Gold Crown Creative Inc., I want to help entrepreneurs brand themselves with clarity and confidence. Having experienced the challenges of entrepreneurship firsthand, I'm passionate about providing practical, no-nonsense solutions for business owners looking to convert without the guesswork. With a strong background in business and community involvement, I recognize the gap in accessible coaching for DIY entrepreneurs. The workshop, Crown Your Brand, equips business owners with the tools to tell their stories and connect with the right audience. Real, relatable, and resourceful—I want to ensure other entrepreneurs don't have to navigate business alone.

Community Strength: Navigating Tariffs and Supporting Local

Supporting Local in Challenging Times

With rising concerns over tariffs and political tensions, it's more important than ever to support our local businesses. We've seen strong messages in our community—"Canada is not for sale," "We will never be the 51st state," and more recently "Elbows up"—reflecting the pride and resilience of Canadians, especially when it comes to protecting our economy and way of life.

As we face these challenges, let's stand together and remember that shopping local and supporting local businesses is one of the most effective ways to safeguard our community. When you shop locally, you're not just supporting a business—you're helping keep the heart of our community strong.

Here are a few ways to show support:

- **Buy local products:** Look for Canadian-made goods and services that help keep our economy vibrant. (where you can, when you can, if you can)
- **Promote local businesses:** Share your favorite spots with friends and family or on social media.
- **Engage with your local Chamber:** Stay connected with us for updates, resources, and opportunities to strengthen our local economy.

We will continue to keep you updated on developments that affect our businesses, and we are here to support you. Atlantic chamber updates: <https://www.atlanticchamber.ca/>
